

SMART BUILDING Facility Management IOT SOLUTIONS

Transform your facilities into smart ones, from the office reception to the washroom

Introduce “intelligence” in the most relevant areas and assets and control everything in real-time through a central platform.

Nowadays technological and digital society, the end user experience and the Facilities Manager experience cannot be dissociated.

Working on a smart building improves the employee satisfaction due to comfort, convenience, safety and productivity, while managing it improves the facilities overall happiness due to efficiency, easiness and scalability.

**Complete lifecycle management for smart devices (sensors).
Create and control a better workplace!**

SMART BUILDING Facility Management

IOT SOLUTIONS

System Integration

With your already owned services and according to your defined users' access permissions

Contact us

We're happy to show our demos to reinforce your decision

Use technology to attract top talented people and change the nature of the workplace.

Smart Access

Control who accesses the office, to keep the building safe and with proper work environment: employees and visitors.

Smart Spaces

Have the knowledge and offer visibility of occupancy per area and its corresponding environment. Have real-time information related with Occupancy, Desk availability, Busy areas, Temperature, Light, Humidity.

Smart Cleaning

Optimise washroom cleaning operations. Control washroom cleanliness, cleaning schedule, consumables and washroom Occupancy. Clean when it needs to be cleaned.

Food Court

For companies with on-site food courts, it's relevant not only the quality of the food, but also the user experience when accessing these areas. Have real-time information and offer visibility to the end-user of the canteen occupancy, queue and digital menu.

Alerts Management

Define the events covered and when to receive an alert.

Report Generation

Manage your operation's progression to help you predict and prevent critical cases

Get in touch with us. We love a good challenge!

You are always welcome
